Ranches

1,252 sq. ft. to 1,460 sq. ft.

Our Homestead Series of Ranches offers basic affordable designs, all sporting single-floor layouts. Starting at 1252 square feet, they all have outstanding designs offering flexibility along with many variations of features and options. Our renderings show different full porch rooflines to give each ranch a personality of its own. Each house could have a one or two car garage and many porch or deck options are available. As always, we can mirror, expand and customize this home as your budget permits.
