## Salt Plus Suite

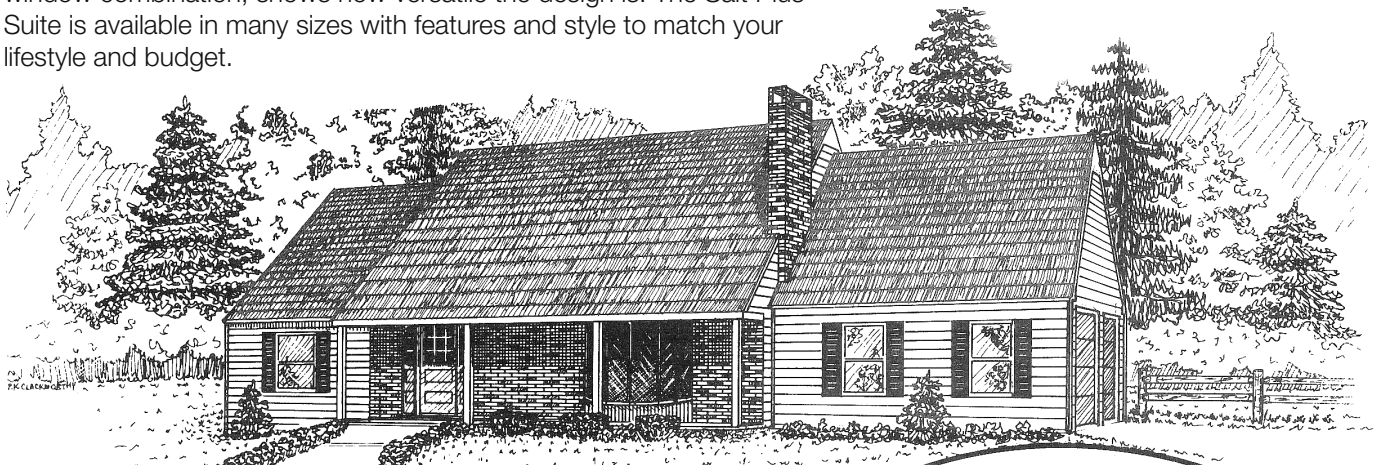

1,640 sq. ft. - 1,890 sq. ft

### Shelburne - 1,890 SF

(Shown with Optional Screened Porch, Deck & Fireplace)

The Salt Plus Suite home design has long been one of our favorites and its concept has been used in many past projects, large and small. Our 1-1/2 story modified saltbox layout contains two Bedrooms upstairs and a private Master Suite on the main level. The Great Room, Dining Room and Kitchen areas are semi-open in feeling and the Great Room can be constructed with or without a vaulted ceiling. The Shelburne, with its large gabled Great Room and feature round topped window combination, shows how versatile the design is. The Salt Plus Suite is available in many sizes with features and style to match your lifestyle and budget.
